# COMPANY INTRODUCTION

# **A.E.A INTERNATIONAL (PVT.) LIMITED**

## **PLANNERS & CONSULTING ENGINEERS**

### **OUR STORY**

Having extensive expertise in Engineering Electrical System Designing, a Group of Engineers working in different reputable organizations dreamed to establish their own Consultancy Firm for Electrical Engineering and Designing.

Their dream came true when they founded Advance Engineering as A Group of Associates in 1997, they realized their ambition. They worked really hard to get notoriety for their business on the basis of absolute professionalism.

### **OUR HISTORY**

Since the establishment of **Advance Engineering Associates**, their engineers, draftsmen, and supporting staff continued striving hard to bring the organization standing in the front-line consultancy firms. The dynamic combination of the latest concepts and technologies has been the secret to success.

As an electrical engineering consultant at first, AEA rapidly transitioned into MEP consulting. After gaining a sizable percentage of the local market share, AEA broadened its perspective, and in 2002 AEA got an opportunity to design and develop some projects for the international market, including Dubai Sharjah, and the UK.

Since AEA's business extended globally, we decided to convert AEA from an associated firm to a Private Limited organization. Additionally, as we offered MEP services internationally, we changed our name from AEA (Advance Engineering Associates) to **A.E.A International (Pvt.) Ltd.**

We are working with two renowned international companies, one based in the UAE and one in the United Kingdom.

We have a joint venture for MEP Designing in the UAE with:

#### **CONSULTAIR**

Engineers & Consultant

Electro-Mechanical Services

CONSULTAIR is a reputable name in MEP Service, working in the UAE for 40 Plus years, and has many mega Projects under their banner.

Our joint venture for Renewable Energy, in the UK, is with:

#### **HERTS RENEWABLE ENERGY SOLUTIONS LTD**

Herts Renewable Energy Solutions Ltd. has been working all over the UK. They have expertise in Solar Energy, Wind Turbines and in Microgrid System.

# A.E.A INTERNATIONAL (PVT.) LIMITED

## PLANNERS & CONSULTING ENGINEERS

Now, AEA is working under the Title of **A.E.A International (Pvt.) Ltd.**

Blending our experience with the above reputable organizations, M/s A.E.A International is proving ultimate expert solutions in the field of MEP and Renewable Energy Planning And Engineering.

### OUR MOTTO

Our motto is “**Engineering with Distinction**” It is not only meant as a sign of commitment to our honorable clients but also serves as a reminder to our staff that distinction comes from being innovative, and innovation combined with quality keeps you at the forefront of the pack.

As the need and capabilities of public and private sector to acquire, organize, maintain, and use of information and knowledge have grown and changed, AEA has effectively responded to the challenge and is committed to be at the leading edge of planning & design engineering.

The firm offers Consultancy Services in the fields of electrical and mechanical engineering renewable energy sources including solar energy & wind turbine to benefit industries like, textile, Pharmaceutical, cement, food ceramic and oil and gas installations, office buildings, hospitals, hotels, housing projects commercial centers, Laboratories, stadium and sports complexes.

A.E.A. International (Pvt.) Ltd., will assist you in your industrial development projects, in the preliminary study phase up to the commissioning of a product or installation, our teams of consultant engineers and experienced technicians will assist you effectively in all the reflection and conduct phases of your projects. Innovation, performance, reliability, fair cost and keeping to schedule are the guidelines A.E.A. International (Pvt.) Ltd., sticks to when carrying out projects entrusted to it, and they guarantee their success the advantage of proximity we mainly operate in PAKISTAN and in UAE, and when projects require it, we will assist you throughout the world. Our proximity, our constant adaptability and our market knowledge are major assets. A.E.A. International (Pvt.) Ltd., is a member of a group pf companies: we rely on our partners to offer you comprehensive and fully integrated solution.

The Firm also offers electrical safety audits and surveys that are suitable for a wide range of industries and technical competencies. Identifies the core hazardous issues and propose the recommendations as per survey. Due to high Energy crises and promoting of generating clean in Pakistan we also started work on Solar PV and Wind Energy sources.

# A.E.A INTERNATIONAL (PVT.) LIMITED

## PLANNERS & CONSULTING ENGINEERS

Promoting the success of your projects by associating it with our staff development, such is the challenge and desire of our company. A.E.A. International (Pvt.) Ltd., believe in providing a strong technical, professional and personal service which is underpinned by our enthusiasm to not only meet the Clients expectations, but to deliver a service that is recognized for its quality. We focus our dynamism and determination on the success of your projects, through the provision of our expertise and our outreach. To do this, we actively support our consultants in their success and their career development. As a company that is on a human scale, proactive and attentive to a market undergoing constant technological change, A.E.A. International (Pvt.) Ltd., offers innovative solutions and approved expertise, through its teams of consultants who are always motivated to take on ever-greater challenges. Aware that economic, human and environmental issues are decisive for the competitiveness of a business, we strive to listen to your requirements and analyze them in detail to build custom-made, tailored and efficient solutions.

Our employees are a human capital and a portfolio of expertise because of our team of consultants and managers; we have a capital of proven expertise, offering you solutions tailored to your needs. We strive to recruit our employees both for their technical skills in connection to the requirements of our client's projects and for their human qualities, in connection with our corporate values. A.E.A. International (Pvt.) Ltd., is a genuine human sized company, which gives us agility to respond to a market with changing requirements and a usability that promotes exchanges, emulation and the involvement of our employees. We put every effort into supporting them in their professional development within the company in order to meet their increase in competence and their development.

# SCOPE OF SERVICES

# A.E.A INTERNATIONAL (PVT.) LIMITED

## PLANNERS & CONSULTING ENGINEERS

### **SCOPE OF SERVICES**

The scope of services offered by the organization is hereunder:

- Survey and Analysis of electrical installations.
- Preparation of schematic and working drawings fully reflecting intent and spirit of design, specification of materials and workmanship. Bill of Quantities and construction documents.
- Working out distribution network, sizes of feeders and sub-mains, system protection scheme, rating and configuration of transformer, power factor improvements plants, HT and LT switchgear.
- Designing of illumination schemes including emergency, exterior, and streetlights based on standards prescribed by Illumination Engineers Society (IES).
- Compute total electrical load requirements of the project. Process load to be furnished by owners, air-conditioning and pumps load by mechanical consulting engineers, lighting load to be computed at this end.
- Planning for special system like germicidal lighting for hospitals, and food storage, telephone, intercom, bank security T.V., electric clocks, fire alarm or any other specially called for requirements.
- Discuss with supply companies the available voltage and tariff structure for the computed load requirements.
- Prepare engineering cost estimates with (+-) 10% accuracy.
- Determine most suitable and economical location of sub-station or generating station.
- Scrutiny of tenders, comparative studies, and recommendations for award of contract.
- Supervision of electrification work, verification of contractor bills and preparation of As-installed drawings.
- Coordination of electrical services with process equipment, Water supply, sanitary and HVAC systems.

# **A.E.A INTERNATIONAL (PVT.) LIMITED**

## **PLANNERS & CONSULTING ENGINEERS**

### **\* ELECTRICAL ENGINEERING SERVICES**

#### **❖ Light and power distribution:**

- a) Internal And External Lighting
- b) Street Lighting
- c) Flood Lighting
- d) Illumination
- e) Power Distribution System

#### **❖ Power House / Substation Design:**

- a) Generator
- b) Transformer
- c) L.V. Panel
- d) M.V. Panel
- e) ATS / AMF Panels
- f) Cable Trays

#### **❖ E.L.V. System / IT & Security System:**

- a) Tele-Communication System
- b) Ups For Computer Network
- c) Fire Alarm System
- d) Closed Circuit Television (C.C.TV)
- e) Paging System
- f) Access Control System
- g) Vehicle Identification System
- h) Parking Management System
- i) Infrastructure for Fiber Optical Cable
- j) Data Centre Designing (if required)

**A.E.A INTERNATIONAL (PVT.) LIMITED**  
**PLANNERS & CONSULTING ENGINEERS**

❖ **Load Management System:**

- a) Metering Management System
- b) Building Management System
- c) Central Battery System

❖ **Protection System:**

- a) Earthing System
- b) Lightning Protection System

❖ **Alternate Energy System:**

- a) Solar Energy System
- b) Wind Energy System

\* **CODES AND STANDARDS:**

- ❖ British Standards (BS)
- ❖ IEEE Regulations (16<sup>th</sup> Regulation)
- ❖ National Electric Codes (NEC)
- ❖ National Fire Protection Association Standards (NFPA) (latest edition)
- ❖ American National Standards Institute Standards (ANSI)

\*\*\*\*\*

# A.E.A INTERNATIONAL (PVT.) LIMITED

## PLANNERS & CONSULTING ENGINEERS

### **ELECTRICAL SAFETY SURVEY:**

- ❖ Make in-depth analysis of the system in respect of safety of life and property as well as suitability to continue use.
- ❖ Update As-installed electrical drawing accurately reflecting complete electrical installation in plan and schematic.
- ❖ Calculate minimum, average and peak consumption over single and three phases and provide a fully detailed report using graph and timed detail format, making the readings very easy to understand.
- ❖ Check the balance of phases to make sure that there are no underlying problems.
- ❖ Prepare detailed report based on findings and propose modification / alterations, consistence with engineering code requirements and in line with good engineering practices.
- ❖ Prepare time schedule for Finalization of rectification proposals making ongoing functions undisturbed.

### **CO-GENERATION SYSTEMS DESIGNS & SUPERVISION:**

- ❖ Study, Examination & preparation of feasibility reports for Co-Generation.
- ❖ Preparation of conceptual location as per load center.
- ❖ Preparation of detailed Flow Diagram.
- ❖ Preparation of ISO-Metric Diagram Sharing Machinery Position.
- ❖ Preparation of detailed BOQ, Technical Specs and all Mechanical & Civil Diagram.
- ❖ Top line Supervision.

# A.E.A INTERNATIONAL (PVT.) LIMITED

## PLANNERS & CONSULTING ENGINEERS

### **PLUMBING & OTHERS SERVICES:**

- ❖ Pumping and Piping Distribution
- ❖ Soil, Waste and Vent Piping
- ❖ Water Supply
- ❖ Disposal of Sewage and Storm Water
- ❖ Central Hot Water Generation and Supply
- ❖ Water Treatment
- ❖ Sewage Treatment Plant

### **MECHANICAL ENGINEERING SERVICES:**

- ❖ Heat Ventilation and Air Conditioning
- ❖ Fire Fighting System
- ❖ Industrial Environment Control
- ❖ Heat Recovery System

### **CODES AND STANDARDS:**

- ❖ Air Conditioning and Refrigeration Institute Standards (ARI)
- ❖ American Society of Mechanical Engineers Code (ASME)
- ❖ National Fire Protection Association Standards (NFPA) (latest edition)
- ❖ American National Standards Institute Standards (ANSI)

### **HVAC**

- ❖ Heating
- ❖ Mechanical Ventilation and Industrial Ventilation
- ❖ Air Conditioning
- ❖ Central Evaporative Cooling
- ❖ Refrigeration System

**A.E.A INTERNATIONAL (PVT.) LIMITED**  
**PLANNERS & CONSULTING ENGINEERS**

**FIRE FIGHTING SYSTEM**

- ❖ Fire Protection & Fire Fighting Pumping System
- ❖ Fire Extinguisher Installation
- ❖ Fire Hydrant System
- ❖ Sprinkler System
- ❖ Gas based Installation.

**INDUSTRIAL ENVIRONMENT CONTROL**

- ❖ Building Automation System
- ❖ Fire Detection & Alarm System
- ❖ Public Address System
- ❖ Access Control
- ❖ Close Circuit Television
- ❖ Security System

# A.E.A INTERNATIONAL (PVT.) LIMITED

## PLANNERS & CONSULTING ENGINEERS

### **SOLAR PV SYSTEM**

- a) Large Scale on grid solar PV designs with Drawings, BOQ and Providing testing reports after commissioning (for Utility and self-power generation projects)
- b) Commercial, domestic, and Industrial On Grid Solutions with design, BOQ drawings and providing testing result after commissioning.
- c) Designs, drawings and BOQ with battery calculations for off grid and on grid with battery back-up (Self Consumption and grid failure) solar PV systems.
- d) Large Scale Solar PV Hybrid Solutions (Solar PV, Grid and Generators) for commercial and industries.
- e) Solar PV Rectification Testing and Commissioning, also providing STC (Standard test condition) results.
- f) Feasibility reports for Solar PV Energy Generation solutions for your home, business, high-rise tower, commercial, housing societies and Industries.
- g) Real-Time Monitoring System for Solar Plants.
- h) Design of Infrastructure for Electric Vehicle Chargers in Domestic and Commercial Environments.
- i) Requirements for Isolation and Switching of the D.C and A.C Sections.
- j) Designs of Solar Street Lighting.
- k) Solar Water Pumping System design.
- l) Single Line Diagram.
- m) Health and Safety Requirements.
- n) Consumer Protection and Guidance.
- o) AC Combiner General Arrangement Diagram.
- p) DC String Wiring Diagram.
- q) Earthing & Lighting Arresters Layout
- r) Cable Routing and Schedule Layout.

**A.E.A INTERNATIONAL (PVT.) LIMITED**  
**PLANNERS & CONSULTING ENGINEERS**

❖ **CODES AND STANDARDS:**

- British Standards (BS7671 17<sup>th</sup> Edition)
- IEEE Regulations (16<sup>th</sup> Regulation)
- National Electric Codes (NEC)
- Level 3 Award in the Installation, Commission and Maintenance of Solar PV 9UK)
- Level 3 Award in the Requirements for Electrical Installation BS 7671 (UK)
- National Fire Protection Association Standards (NFPA) (latest edition)
- American National Standards Institute Standards (ANSI)

## ETAP AUTHORIZATION LETTER

**ARSON**  
Engineering

## TO WHOM IT MAY CONCERN

**Subject: Authorization for the usage of ETAP Software In K.Electric for the year 2023.**

***Dated: 01<sup>st</sup> Of January, 2023***

Dear Sir,

Arson Engineering is authorized reseller and system integrator of ETAP in Pakistan. Also we have licensed ETAP Software through which we are engaged in executing Power System Studies.

We hereby confirm that M/s. A.E.A International shall utilize our Engineering expertise on Arson's licensed ETAP Software to perform Load Flow study cases on ETAP as per K.E requirements.

In this regards, M/s. Arson Engineering will be providing complete support to M/s. A.E.A International for client satisfaction and successful execution of Projects.

This authorization is valid till December 2023.

Regards,

  
Muhammad Kashif  
Manager Sales & Marketing  
Arson Engineering

## THE CHAIRMAN

# A.E.A INTERNATIONAL (PVT.) LIMITED

## PLANNERS & CONSULTING ENGINEERS

### **Rakhshan Ali Khan**

(Chairman)

Rakhshan Ali Khan is a graduate in Electrical Technology from N.E.D University of Engineering and Technology; He is a very ambitious person. Besides graduation he has done many additional courses which include:

- Course in Computer Engineering at PETROMAN Karachi.
- Course in Electric Power Generation at CATERPILLAR (overseas)
- Course in Energy Conservation at ENERCON Karachi.

Serving as a Principal of AEA he has over twenty-five years of experience in design conception, detailed designing and top supervision of small medium and large electrical installation in different firms of repute.

In 1982 he joined WJ. Associates as Design Engineer, there he was engaged in the designing of several projects.

In 1986 he joined Consumer Electric Corporation as Project Engineer, to gain experience on site.

After three years in 1989, he again joined WJ. Associates to master his natural skills in designing.

His dynamic and progressive nature never let him stay at one point so he decided to form his own independent Consultancy firm in the name and style;

### **Advance Engineering Associates**

Electrical & Mechanical Consultancy Engineers

Suite # 313, 3<sup>rd</sup> Floor, Anum Estate,

Shahrah-e-Faisal, Karachi.

# A.E.A INTERNATIONAL (PVT.) LIMITED

## PLANNERS & CONSULTING ENGINEERS

During his Services in WJ Associates & Consumer Electric Corporation Rakhshan Ali Khan surveyed, analyzed, planed and designed many projects, details of which appear on following pages.

### ✓ INDUSTRIAL UNITS

1. Boots Pharmaceuticals Pakistan Ltd.  
Expansion 82
2. Searle Pakistan Limited.  
New Manufacturing Facility  
Architect: Thariani & Co.
3. Continental Biscuits Limited.  
S.I.T.E., Sukkur.
4. Gelcaps Pakistan Limited.  
L.I.E.D.A. Hub Chowki.
5. Shabbir Textiles & Ceramic Ltd.  
Landhi, Karachi  
Expansion 85.
6. Lube Oil Building Plant.  
At: L.I.E.D.A.  
Hub Chowki.
7. Habib Oil Mills.  
S.I.T.E. Karachi.  
Expansion of Refinery.
8. Rooh Afza Plant, Karachi.  
Consultants:  
Team Consultants.

### **SUHAIB UL MUKHTAR- C.E.O, Director Technical**

Graduated in Electrical Engineering in 1992. Registered as Professional Engineer in Pakistan Engineering Council.

During his 30 + working experience, he has served various organizations in Pakistan and abroad. In Pakistan, he has served:

- Karachi Electric Supply Corporation (Presently known as K.E Pvt. Ltd.)
- Gatron Industries Ltd.
- Parke Davis Pharma (Presently known as Pfizer Inc.)
- Advance Engineering Associates

He has also worked in the Kingdom of Saudi Arabia for more than 15 years on various Residential, Commercial, and Industrial Projects for:

- Saudi Royal Commission for Jubail and Yanbu
- Saudi Ministry of Defense
- Saudi Electric Company
- Saudi Ministry of Youth and Sports Affairs
- His experience includes:
- Project Management
- Designing and Execution of LV, MV Power Distribution system, Unit Sub-stations, Residential Colonies, High Rise Residential and Commercial Complex Projects in Pakistan, Saudi Arabia and UAE.

He has completed a number of Training Programs conducted by renowned local and foreign companies in Electrical Power Generation, Electrical safety Measures at site, Officers Management, Stress Handling at Work Place etc.

Working with Advance Engineering his key projects are:

- Power Upgradation Project for Shell Pakistan Ltd.
- Expansion of Abbott Laboratories Pakistan
- Expansion of Parke Davis Pharma
- High rise Residential and Commercial Projects

---

#### **Certificates & Affiliations:**

Pakistan Engineering Council P.E (Elect/13683)

### **FAIZAN ALI KHAN – Director Business Development**

Graduated as B.E (Hons) Electrical & Electronic Engineering in 2014 from University of Hertfordshire- UK

He is responsible to take care of local projects in Pakistan and international projects in the UK.

After graduation he started working in the United Kingdom with Herts Renewable Energy Solutions LTD- His key responsibilities there included:

- Solar PV system design, drawings, system output calculations, system synchronization with grid and complete site supervision before and after the complete installations.
- Testing, commissioning and handover of Solar PV systems On-Grid, On-grid with back up and Off-Grid systems.
- Design, Calculations, making of BOQ (Bill of Quantities) with drawing (Single line drawing or Shop drawing on CAD) for on-Grid, on-Grid with back up and off-Grid solar PV systems.
- Getting regular updates from suppliers and manufactures for new products and accreditations in the Solar Industry globally.
- Selecting the right products depending on geographical location and customer demands.
- Analyse equipment and machine failures and suggest effective solutions.
- Ordering all Equipment from suppliers and maintain log book of costs and hours allocated to various activities performed on site throughout the project execution and testing.
- Understanding of reactive maintenance and preventive maintenance for Solar PV projects (O&M operations).
- Generating Complete required service reports and documentation for different activities completed on site.
- Supporting the development of the operations and maintenance services.
- Responsible for schedule for each plant completing required works with in the given deadlines.

Since 2019, he has joined A.E.A International (Pvt.) Ltd. As Director Designing. In AEA International his role includes:

- Detailed Engineering of project design in Pakistan and the UK.
- Preliminary Design and cost estimation for the bid preparation.
- Technical evaluation of tenders, detail engineering and design.
- Top supervision of ongoing project and planning for QA/QC supervision works.
- Preparation of the technical documents for the bidding process.
- Preparing daily workloads for staff & co-ordinating the daily allocation of work.
- Motivating the team to achieve high standards and AEA targets.
- Handling present and new client's enquiries and acting as the face of the business.
- Dealing with and resolving problems and issues, which arise.
- Arranging & chairing weekly team meetings, focusing on targets and achievements.

# A.E.A INTERNATIONAL (PVT.) LIMITED

## PLANNERS & CONSULTING ENGINEERS

In addition, he has good working knowledge and experience in the field of Power, Communication and Control System, such as:

- Microelectronics and VLSI
- Intelligent Systems and Robotics
- Digital Signal Processing
- Digital Design and Embedded Systems
- Real-time Systems and Programming
- Digital Electronics and Computer Organisation
- Data Acquisition and Control Systems
- Electronic Engineering Practice

---

### Certificates & Affiliations:

- Pakistan Engineering Council | **ELECT / 72286**
- Level 3 Award in the Installation, Commission and Maintenance of Solar PV (UK).
- Level 3 Award in the Requirements for Electrical Installation BS 7671 (UK).
- Solar PV Industry Certificates and training with SMA, Victron Energy, Tesla and LG Chem.
- Solar PV Software: Sunnydesign, Sunnyportal, PVsol, Victron Energy and HelioScope.
  
- **Programming Languages:** C, Visual C++, C#, VHDL, Assembly, Ladder Logic programming and STL programming.
- **Development Tools:** Matlab, Simulink, Altium Designer, VisualDSP ++ V5.0, Auto CAD, Dilux, Microsoft Visual Studio, Tina Pro7, PCB design.

## PLANNERS & CONSULTING ENGINEERS

**ENGR. MOHAMMAD IHSAN AHMED**  
**B.E (Electrical)**

Engr. M Ihsan graduated from NED University of engineering and technology Karachi in 1975. He received one year training from Karachi electric supply corporation on their steam power station at Korangi creek and West wharf, served KESC for almost 2 years as operation engineer.

In 1979 he left for M/S Saudi consolidated electric company, Riyadh and worked in gas turbine power and got vast experience in startup, commissioning, operation and maintenance of 12x50MW crude oil-fired gas turbine power station, 132KV transmissions system, fuel management, black start diesel generator and all accessories of the same power station.

He came back to Pakistan in 1990 and join M/S Fulbrite international agencies and worked in sales of power plant spares and supplied to KESC and WAPDA.

He joined UCL (United Carpet Ltd) having x-minister looms of carpet, scouring, and spinning sections, full/semi-automatic machines, and electrical distribution system, control and protective devices.

He left again for M/S Saudi electric company, Riyadh in same capacity and same power stations as in 1979 and served for 5 more years from 1994.

He joined M/S General Electric company Saudi Arabia who were working in erecting new combined cycle power station of 1344mw having 16 gas turbines of 57MW each and 4 steam turbines of 108MW each, 380kv transmission system, gas turbine were multi fuel fired. He worked as lead start up and commissioning engineer.

He joined Friendship Textile Mill site in 2001 as Manager Utilities and Maintenance. He erected gas turbine (Kawasaki GP 1500, 1500KVA) with waste heat recovery boiler of 4.75 tons. He was involved in installation, erection, commissioning, test run a commercial operation, spare parts management of gas turbine, waste heat recovery boiler and 11KV transmission system.

From December 2002 he is working with Advance Engineering Associates in the capacity of electrical designed engineer and responsible for system design, and planning supervision for industrial projects.

## PLANNERS & CONSULTING ENGINEERS

### SYED MOHAMMAD TAJUDDIN B.E.(Electrical)

Engr. Syed Tajuddin graduated from N.E.D Engineering College in 1973. After working with a local trade and construction company, left for Saudia Arabia in 1975, and worked for sixteen years with M\s. Rajab and Silsilah Co. one of the largest companies with interest in trading, construction and manufacturing. Work in different projects from traffic signals, local area power distribution networks and substation electrical equipment installation and commissioning, tendering and in low current projects of CCTV, Fire alarms system and baggage screening systems. During the period promoted from site engineer to area incharge.

In the year 1992 joined the sales department of Al-Qureshi Electrical the sales and marketing company for the T & D products of Westinghouse USA and also WESCOSA the sister company manufacturing M.V., L.V. Switchgear and up to 3000KVA distribution transformers.

In the year 1997, he came to Pakistan and joined Johnson & Philips Co. as Sales Manager and later as Manager Projects in their project department.

In the year 2001 joined the Jubilee Corporation as senior sales engineer. Jubilee Corporation is the sole representative of Fifty different low voltage power and control products of known European, Japanese and Korean companies.

After brief tenure with M/s Matrix Consultant joined the Aisha Steel Mills in 2010 and worked up to 2013 as Senior Manager Electrical during the construction of the factory. Aisha steel mills is the cold roll mills of steel and it is the joint venture between Arif Habib group and Japanese group.

Mr.Tajuddin has unique experience of working in all the three branches of engineering which is construction, sales and design and have good knowledge international standard and practice.

### **ENGR. SHAHANA SHAHEEN**

#### **B.E.(Electrical)**

Engr. Shahana Shaheen has passed her B.E. Electrical in 1<sup>st</sup> division in the year 2004, from N.E.D. University of Engineering and Technology Karachi. A brilliant student with an excellent academic record. Her final year project was "Scrambling & Sescrambling of Voice Data."

She is very desperate in doing project with new technology and challenges. She has done a project based on light Emitting Diode (LED) for Habib Bank Plaza. LED lighting scheme is applied for the first time in Pakistan.

She is responsible to prepare Consultancy Service Proposals, Recommendation Letters, Bill of Quantities, Cost Estimation, Comparative Statements, Lux level calculations and other related work of Electrical Designing.

She has experience in C++, Auto-CAD, MS-Office, Computer Architecture, Lighting level calculation software like Calculux and other windows-based packages and actively taking part in our various projects.

#### **List of Projects**

1. Habib Oil Mills
2. S.B. Textile
3. Platinum Pharmaceutical
4. Rajwani Denim Mills Pvt Ltd.
5. Artistic Milliner-Garment Unit Karachi.
6. YTM-2 Building B
7. Artistic Denim Mills
8. Habib Bank Plaza-Dynamic LED Fascade Lighting
9. Sidiqsons Denim City, Hub.
10. Indus Motors-Canteen Area

### **ENGR. FATIMA AIJAZ**

B.E. (Electrical)

Engr. Fatima Aijaz is a highly skilled and dedicated Electrical Engineer, passed **Bachelor of Engineering in Electrical** from **NED University of Engineering and Technology, Karachi**, in February, 2021. With an outstanding academic track record and a passion for innovative electrical designs, she quickly made her mark in the industry.

Currently serving as a **Design Engineer** at **A.E.A. International (Pvt.) Ltd.**, Engr. Fatima plays a pivotal role in the design and execution of complex **LV/HV power distribution systems** and **electrical infrastructure** for high-profile projects.

#### **Key Skills:**

- Electrical Distribution System Design (LV/HV)
- Switchgear & Breaker Sizing
- Lighting Design & Scheme Development
- Fire Alarm, CCTV & Access Control Systems
- Bill of Quantities (BoQs) & Tender Documentation
- Cost Estimation & Project Budgeting
- Preparing Loadsheets
- Energy Modelling
- Technical & Commercial Proposals
- Presentations

#### **Technical Expertise & Tools Proficiency:**

- **AutoCAD** – Advanced proficiency in creating detailed electrical layouts and designs.
- **PVsyst**– Expertise in solar energy design and simulation.
- **DiaLux** – Competence in lighting design and energy-efficient solutions.
- **MS Office** – Excellent command over Excel, Word, and PowerPoint for project documentation and reporting.

### ENGR. NABEEL AHMED BAIG

B.E Electrical (Power)

Mr. Nabeel Ahmed Baig graduated from DHA Suffa University in 2018 and has done many courses in the field of Electrical, Electronics, Automation, Advertisement and Computer softwares.

Mr. Nabeel holds a technical background from his early age and has been involved in many industrial projects from their planning to their respective execution.

From designing a SCADA system for his final year project in university, he has clear concepts of control systems and power distribution.

In Advance Engineering he has been working on preventive maintenance of many factories and has performed Thermographic test of switchgear equipment for more the 30 Factories. He has also been involved in other electrical equipment test like Magger test (Insulation Resistance Test), Earthing test etc.

He has also been involved in electrical rectification of factories with new electrical distribution systems replacing existing DBs & Panels and designing of new switchgear and its respective architecture this also includes preparing complete BOQ and necessary documents to justify the rectification process.

Designing of New Power houses and amendments in existing Powerhouse to enhance their capacity, new connection from grids and their related designing of switchgear, busways, HT AVR's, Transformers (Oil & Dry Type) including designing the system in a manner so that it sync properly.

Re-energizing of departments via Electrical busway system, good experience in formation of electrical documentation required for all international audit firms.

#### Standard Terms and Conditions

- The Supplier is obliged to deliver the agreed quantity on the specified delivery date as per the terms of the Purchase Order (PO).
- Acknowledgment of PO receipt must be confirmed via email.
- All shipments are to be made at the Supplier's transporter risk, and the Supplier shall bear any facilities arising from transit issues.
- All deliveries are subject to quality and quantity approval.
- Each delivery must be accompanied by:
  - The relevant PO number, (B) The Original Delivery Challan (DC), (C) A Certificate of Analysis (COA)
- Invoices will not be processed if the PO number is not clearly mentioned on the Delivery Challan and Invoice
- Credit terms will commence from the submission date of original invoices, duly meeting all pre-shipment conditions.
- If the Supplier fails to deliver the material within the agreed time frame or the material is rejected (due to non-compliance with quality control parameters, resulting in production disruption, the Purchaser reserves the right to procure the required material from the open market. Any price difference incurred will be recovered from the Supplier via a Debit Note
- Hamdard reserves the absolute right to cancel any order at its discretion without providing any reason.
- These terms are binding and enforceable as part of the supply agreement. Non-compliance may result in penalties or legal action as deemed appropriate by the Purchaser.
- The supplier is responsible to comply all the ethical, legal, environmental, regulatory, health, safety requirements. In case of any non-compliance/ violation we will not be responsible for any liability/damage.

Subject : Modification Work in Existing System To Synchronize Gensets Located at  
Two Separate Power Houses

Please refer your Quotation No. AEA/B/0047# 8401 dated November 19, 2022, we are pleased to place order for Modification Work in Existing System to Synchronize Gensets Located at Two Separate Power Houses. as per below detail,

### Scope of Work:

#### Job Title:

1. Study and examine the existing Electrical distribution system and detail provided by PSL and define electrical works to be carried out to satisfy the system requirement.
2. Propose conceptual design with 2 to 3 options with Budgetary cost to synchronize existing Gensets located at two separate Power Houses.
3. Compute total electrical load requirement of existing system and advice means and method of availability of Power Source.
4. Develop detail design of proposed electrical scheme after finalization of any one option.
5. Prepare civil layout plan of Substation Room if required.
6. Propose sizing of Transformer, Low Voltage/High Voltage Cables, Switchgear Panels, Busways etc.
7. Selection of means and methods of Power Cables, Busways, Transformers etc.
8. Short Circuit Calculation for switchgear equipment.
9. Prepare Power cables/Busway Route Layout Plan.
10. Develop conceptual and detail design of Earthing, if required.
11. Designing of Load Management / Dumping of System.
12. Based on finally agreed design/ modification work of Electrical System, prepare final drawing (on AutoCAD format), T.S & B.O.Q (Quotation Documents).

**Time of Completion:** Delivery within 3 ~ 4 Weeks.

**Job Cost:** Rs. \_\_\_\_\_ := (rupees)

*(without any Tax)*

#### Payment Terms:

- 25% Advance with Work Order. (To be adjusted in Running bills).
- 25% on submission of conceptual drawings,
- 25% on submission of BOQ and Quotation Document.
- 25% during the execution of work.

Our Ref: FAP/WO/NOV17/01/2021

Dated: 17<sup>th</sup> Nov, 2021

To: **M/s. Advance Engineering Associate**

**Subject: Work Order – Design & Consultancy Work of New Unloaders & Terminal Load Enhancement.**

Dear Sir,

Reference to your quotation No. AEA/D/0047#8119 Dated 12<sup>th</sup> Nov, 2021 regarding Design & Consultancy Services of Electrical Works for 2 Nos. Bulk Unloader and Load Enhancement from 1.25 MW to 3.15 MW in Existing Distribution System at M/s. FAP Marine Terminals in Port Qasim, Karachi.

We are pleased to confirm you work order for the subjected job as follow:

**A- SCOPE OF WORK**

- **Study & Examination of Existing Power Distribution System with Conceptual Plan**
  - a) Study and examine the existing distribution scheme, HT Panels and detail provided by FAP and define electrical works to be carried out to satisfy the system requirement.
  - b) Inspection of existing Electrical Network with single line diagram (Electrical Distribution Panels & Feeders) for hook up the new load.
  - c) Compute total electrical load requirement inclusive of existing, new & provision of future expansion, and advice means and method of availability of the same.
  - d) Prepare conceptual SLD (Single Line Diagram) with load enhancement up to 3.2 MW.
  - e) Study and examine upgradation of Power Factor Improvement Plant.
  - f) Study & examine the load requirement of 02 Nos. of Bulk unloaders.
  - g) Study of existing cable draw pits & Fresh water lines & define the works to be carried out for construction of K-Electric Sub Station.
  - h) Study for upgradation of existing step-down transformer in accordance with new load.
- **Based on finally agreed conceptual design, Prepare final design for the project**

**Covering:**

  - a) Propose SLD with Load Enhancement / Up-gradation of H.T Panels with bus bar & C.Ts ratio.
  - b) Propose Civil layout of Substations for new distribution system.

Attention: **Mr. Rakhshan Ali Khan**  
(Chairman)

Subject: **AWARD OF CONSULTANCY SERVICES FOR 1.5 MW SOLAR PROJECT  
AT AGI DENIM UNITS # 01**

Dear Sir,

We are pleased to inform you that after careful consideration and evaluation of the proposals submitted for the consultancy services related to our upcoming solar project, Artistic Garment Industries (AGI Denim) (Pvt.) Ltd. has decided to award the contract to your esteemed firm.

The consultancy scope of services will cover the following key areas:

- System Design and Engineering
- Feasibility Study and Site Assessment
- Procurement Assistance and Vendor Evaluation
- Project Management Support
- Performance Monitoring and Optimization

We expect to work closely with your team throughout all phases of the project, from initial planning to post-implementation evaluation.

We look forward to collaborating with you on this exciting project and are confident that your expertise will contribute to its success. Please do not hesitate to contact us should you have any questions or require further information at this stage.

Sincerely,  
ARTISTIC GARMENT INDUSTRIES (AGI DENIM) (PVT.) LTD.

  
Shahab Ahmed  
Project Head

Subject: **Award of Consultancy Services for 2.4 MW Solar Project at our Indus Lyallpur, Faisalabad**

Dear Sir,

After a careful evaluation of the proposal submitted for the consultancy services related to our upcoming solar project, the management has found that your proposal demonstrated a comprehensive understanding of the project requirements, as well as the expertise and experience necessary to ensure its successful execution. Therefore, we are pleased to inform you that your firm has been selected as consultant for our upcoming **2.4 MW Solar Project** to be installed at **Indus Lyallpur, Faisalabad**. The mutually agreed consultancy fee is **PKR 1.15 per watt**, covering the following key services:

- Comprehensive Report on Site Assessment
- System Design and Engineering
- Vendor Evaluation
- Verification of approved material.
- Contractors Work Monitoring
- Periodic Work Progress Report

We expect that with your expertise in the field of renewable energy and the experience of your team, the project will be completed in the given timeline.

Please do not hesitate to contact us should you have any questions or require further information at this stage.

Sincerely,

Zubair Sultan
